**Patina: 300+ Coloration Effects for Jewelers & Metalsmiths** By Matthew Runfola

An explosion of patination methods from beginner to advanced skill levels!

*Patina* offers a collection of over 300 metal patination recipes, application instructions, and full-sized samples for anyone working in metals, including jewelers, sculptors, and metal artisans.

This all-skill-level book covers steel, stainless steel, copper, brass, bronze, silver, and aluminum. Neatly organized by metal type then by color for ease of reference. *Patina* discusses variables that affect the overall metal coloration such as surface preparation, chemical formula, application method, and more. Cross-references take you to the variety of patination techniques offered, including immersion, brush application, spraying, fuming, layering, using resists, hot and cold applications, and more. All recipes feature step-by-step illustrated instructions. *Patina* also discusses safety issues and handling and disposing of hazardous or corrosive materials as well as proper ventilation. This book is an inspirational resource, a how-to guide, and a book that you have long been waiting for.
