Technique of Film and Video Editing: Theory and Practice By Ken Dancyger

The Technique of Film and Video Editing is the best training for directors-to-be, providing a detailed, precise look at the artistic and aesthetic principles and practices of editing for both picture and sound. Analyses of and photographs from dozens of classic and contemporary films and videos provide a sound basis for the professional and student editor. Practical skills are grounded by an exposition of the ideas and styles of editing, through which the director can understand the visual tools at his/her disposal. This book puts into context the storytelling choices an editor will have to make against a background of theory, history, and practice.

The new material in the second edition emphasizes how new technology has influenced the art of editing. New topics include the MTV style, psychoanalytic ideas, and the appropriation of style over content. New filmmakers whose work is examined in this edition include Spike Lee, Julie Dash, Atom Egoyan, Quentin Tarantino, and Oliver Stone.

Ken Dancyger is Chairman of the Undergraduate Department of Film and Television, New York University, one of the leading programs in Film/TV in the United States, and a past president of the University Film and Video Association. He has edited a number of his own productions for film and television and is a screenwriter of numerous documentaries and dramas for film and television.. Mr. Dancyger co-authored *Alternative Scriptwriting: Writing Beyond the Rules*, and *Writing the Short Film*, and authored *Broadcast Writing: Dramas, Comedies, and Documentaries* (all with Focal Press).

Editorial Review

Review

"From D.W. Griffin to MTV, from silent movies to action films, Dancyger explores not only history, techniques, and the social aspects of film and video, but he also looks at how technology has affected film and video making and editing. This isn't a quick read but definitely worthwhile if you want to gain an understanding of what it takes to be an excellent director and editor." -Theano Nikitas, Camcorder & ComputerVideo

Praise for previous editions:

"Ken's additions to his book show all of us who love and study the craft of editing, a real understanding of the importance and stimulating impact editing has in helping tell a story, create mood, and shape characters." --Sam Pollard, film editor, *Girl 6*, *Clockers*, *Mo Better Blues*

"Dancyger's book is an excellent introduction to the art of manipulating moving pictures and sound for students, amateurs, hobbists and professionals alike." - Videomaker

"...a thoroughly "reader friendly" introduction and survey of proven editing techniques and how those techniques influence the editing process..." - The Bookwatch, Sept. 2006"

From the Publisher

The new material in the second edition emphasizes how new technology has influenced the art of editing. New topics include the MTV style, psychoanalytic ideas, and the appropriation of style over content. New filmmakers whose work is examined in this edition include Spike Lee, Julie Dash, Atom Egoyan, Quentin Tarantino, and Oliver Stone.

Carla Ramirez:

You will get this *Technique of Film and Video Editing: Theory and Practice* by browse the bookstore or Mall. Just viewing or reviewing it could possibly to be your solve issue if you get difficulties on your knowledge. Kinds of this guide are various. Not only by simply written or printed but in addition can you enjoy this book through e-book. In the modern era including now, you just looking because of your mobile phone and searching what your problem. Right now, choose your ways to get more information about your e-book. It is most important to arrange yourself to make your knowledge are still up-date. Let's try to choose suitable ways for you.

Kenneth Poor:

As a university student exactly feel bored to reading. If their teacher requested them to go to the library as well as to make summary for some guide, they are complained. Just tiny students that has reading's heart and soul or real their passion. They just do what the educator want, like asked to go to the library. They go to right now there but nothing reading very seriously. Any students feel that reading through is not important, boring and can't see colorful pictures on there. Yeah, it is to be complicated. Book is very important to suit your needs. As we know that on this age, many ways to get whatever we want. Likewise word says, many ways to reach Chinese's country. Therefore this *Technique of Film and Video Editing: Theory and Practice* can make you experience more interested to read.

Douglas Moskowitz:

Reading a publication make you to get more knowledge from it. You can take knowledge and information coming from a book. Book is written or printed or created from each source which filled update of news. In this particular modern era like at this point, many ways to get information are available for a person. From media social such as newspaper, magazines, science book, encyclopedia, reference book, story and comic. You can add your understanding by that book. Isn't it time to spend your spare time to spread out your book? Or just in search of the *Technique of Film and Video Editing: Theory and Practice* when you required it?
