### The Golden Age of DC Comics By Paul Levitz

#### **This is how it all began: From the Man of Steel to Batman and Wonder Woman: the super hero is born**

In June of 1938, *Action Comics* debuted with a new kind of comic book character on its cover: a costumed man with two identities, who possessed extraordinary strength and powers—a man able to protect the public when ordinary measures would not do. He was not the first super hero, but the Man of Steel would become the prototype for all super heroes thereafter. Superman's story, and those of Batman, Wonder Woman, and hundreds of other DC Comics characters, are all told in *The Golden Age of DC Comics*. The single most comprehensive book on the subject, this volume traces the company's first decades, from its pulp origins up to the comic book burnings of the McCarthy '50s in more than 400 pages bursting with comics, art, comics, photographs, and more comics. **Also included is an exclusive interview with legendary artist Joe Kubert!**

About the series: TASCHEN's series on DC Comics explores the origins of comics' most enduring legends and the behind-the-scenes stories of the men and women who created them, era by era. Expanded from the **Eisner Award**-winning XL book, *75 Years of DC Comics*, this new series hits the shelf at a reader-friendly size with essays updated by author **Paul Levitz** and more than 1,000 new images across five volumes. Thousands of covers and interiors, original illustrations, photographs, film stills, and collectibles have been reproduced to bring the story lines, the characters, and their creators to vibrant life, making this an invaluable reference for comics fans.

Nowadays reading books be a little more than want or need but also become a life style. This reading routine give you lot of advantages. The huge benefits you got of course the knowledge even the information inside the book that improve your knowledge and information. The knowledge you get based on what kind of guide you read, if you want attract knowledge just go with education books but if you want feel happy read one along with theme for entertaining for example comic or novel. Typically the The Golden Age of DC Comics is kind of e-book which is giving the reader unstable experience.

**Karen Saldivar:**

As a student exactly feel bored for you to reading. If their teacher inquired them to go to the library or to make summary for some guide, they are complained. Just tiny students that has reading's spirit or real their passion. They just do what the instructor want, like asked to the library. They go to right now there but nothing reading very seriously. Any students feel that looking at is not important, boring as well as can't see colorful photos on there. Yeah, it is being complicated. Book is very important in your case. As we know that on this age, many ways to get whatever we wish. Likewise word says, many ways to reach Chinese's country. Therefore this The Golden Age of DC Comics can make you truly feel more interested to read.
