The Oxford Dictionary of Idioms From Oxford University Press

Did you know that 'flavor of the month' originated in a marketing campaign in American ice-cream parlors in the 1940s, when a particular flavor would be specially promoted for a month at a time? And did you know that 'off the cuff' refers to the rather messy practice of writing impromptu notes on one's shirt cuff before speaking in public? These and many more idioms are explained and put into context in this second edition of the *Oxford Dictionary of Idioms*.

The volume takes a fresh look at the idiomatic phrases and sayings that make English the rich and intriguing language that it is. This major new edition contains entries for over 5000 idioms, including 350 entirely new entries and over 500 new quotations.

The text has been updated to include many new idioms using the findings of the Oxford English Reading Program, the biggest language research program in the world. The entries are supported by a wealth of illustrative quotations from a wide range of sources and periods and the text has been entirely redesigned so that it is both elegant and easy to use. Anyone interested in the colorful side of the English language will get hours of fun browsing this fascinating and informative volume.

Editorial Review

From [Booklist](#)

Oxford has published a second edition of a title that first appeared as a paperback in 1999. Promotional material declares that there are more than 5,000 definitions of idioms with 350 new idioms and "hundreds of new origin notes." The dictionary has been redesigned and visually improved with a two-column format interspersed with boxes that provide origin of the idioms. The idioms are arranged by keyword with a concise definition and sometimes the origin and an illustrative quotation. An index in which the idioms are grouped by subject--*Haste and speed, Jealousy and envy, Poverty, Weather*-- has been added. The book has a definite British-English and Australian tone. British spelling is used (*cheque, favours, labour*), and many of the idioms are unique to a particular country. Idioms that were not in the first edition or in other idiom dictionaries include *hot to trot, New York minute, and wazoo*. New illustrative quotations are included from Frank McCourt, the *Wall Street Journal*, and the *Guardian*. Surprisingly, *24/7* has not yet found its place in a dictionary of idioms. *The Oxford Dictionary of Idioms* is current, but the *American Heritage Dictionary of Idioms* (1997) concentrates on American English. *Oxford Reference Online* includes the first edition of the Oxford dictionary, and the second will probably appear soon. Libraries that need an up-to-date hardcover source for idioms should consider this new edition. *Christine Bulson*

Review

'Anyone who is addicted to the richness of the English language or simply intrigued by the origin and meaning of an idiom like "teach your grandmother to suck eggs" will relish this work.' *Library Journal*
