Amazon.com Review

Kellner's juxtaposition of his and others' photography with quotes, poetry, and writing prompts...is a feast of wonderment, inspiration, provocation, and stimulation to write.

A terrific resource for ELA and creative-writing teachers.

--School Library Journal

From School Library Journal

Grade 8 Up—This book is filled with black-and-white photos of all types—landscapes, portraits, action shots, stills, and more. The images are paired with a quote from scholars, writers, philosophers, celebrities, politicians, etc. For example, a shot of a gymnast supporting himself in mid-air is matched with Lance Armstrong's comment, Pain is temporary, quitting lasts forever, and an image of a little girl taking a picture appears with a quip from Dorothea Lange: Photography takes an instant out of time, altering life by holding it still. Each entry is also joined with one or more of the following writing prompts: questions to consider, possible opening lines, ideas for writing, or possible key words. The book, which is accompanied by a CD containing all of the photos and text, concludes with five pages of suggestions by teachers as to how one can use the volume to inspire writing. A terrific resource for ELA and creative-writing teachers.—*Joanne K. Cecere, Monroe-Woodbury High School, Central Valley, NY*
