**Keys to the Divine Kingdom** By Shaykh Muhammad Hisham Kabbani, Muhammad Hisham Kabbani

About the Book: God said, "We have created everything in pairs." This has to do with reality versus imitation. Our physical form here in this earthly life is only a reflection of our heavenly form. Like plastic fruit and real fruit, one is real, while the other is an imitation. This book looks at the nature of the physical world, the laws governing the universe and from this starting point, jumps into the realm of spiritual knowledge - Sufi teachings which must be "tasted" as opposed to read or spoken. It will serve to open up to the reader the mystical path of saints which takes human beings from the world of forms and senses to the world within the heart, the world of Gnosis and spirituality - a world filled with wonders and blessings. About the Author: Shaykh Muhammad Hisham Kabbani is a scholar from the Middle East. He graduated with a B.A. in Chemistry from the American University of Beirut and then went to Louvain, Belgium to continue his medical studies. He later received his Islamic law degree, then went on to study the Sufi spiritual path with two great master of wisdom. Other books by the shaykh include: The Naqshbandi Sufi way, Angels Unveiled, Encyclopedia of Islamic Doctrine (7 volumes), and Women Companions of the Prophet Muhammad (with Dr. L. Bakhtiar). Shaykh Kabbani is the chairman of the Islamic Supreme Council of America, an educational organization based in Michigan.
