Review

"This book is awesome. Nobody can predict the future and we all know that tragedy can strike at anytime. This book teaches you how to become stronger, how to bend but not break, and how to make the best out of a bad situation. The authors are real scientists-they cut through all the fluff out there and show you how to toughen up for the challenges that lie ahead. This book teaches you that you're a lot stronger than you think...that you are resilient." Earvin "Magic" Johnson
