You and I By Ryan McGinley

Ryan McGinley's first retrospective monograph. For this beautifully realized volume the artist has selected the best photographs from his first decade of work. The first edition is sure to become one of McGinley's most collectable books. Ryan McGinley makes large-scale color photographs of his friends, a group that forms part of New York's Lower East Side youth culture. He uses photography to break down barriers between public and private spheres of activity. His subjects are willing collaborators: drawn from skateboard, music, and graffiti subcultures, they perform for the camera and expose themselves with a frank self-awareness that is distinctly contemporary. The results form a portrait of a generation that is savvy about visual culture and acutely aware of how identity can be communicated through photography. McGinley's newest work signals a departure from the urban youth culture images for which he is best known; he has been working in natural settings outside New York City, creating specific situations for his subjects to lose themselves in the moment. McGinley embraces nature as a site of freedom and captures a sense of buoyancy and release.

Editorial Review

Users Review

From reader reviews:

Ana Steadman:

Within other case, little people like to read book You and I. You can choose the best book if you love reading a book. As long as we know about how is important any book You and I. You can add information and of course you can around the world by just a book. Absolutely right, mainly because from book you can recognize everything! From your country until finally foreign or abroad you will be known. About simple factor until wonderful thing it is possible to know that. In this era, we are able to open a book or perhaps searching by internet product. It is called e-book. You should use it when you feel weary to go to the library. Let's study.

Shawn Macdonald:

In this 21st centuries, people become competitive in every single way. By being competitive now, people have do something to make these survives, being in the middle of often the crowded place and notice through surrounding. One thing that at times many people have underestimated the idea for a while is reading. Yeah, by reading a publication your ability to survive enhance then having chance to endure than other is high. For you who want to start reading some sort of book, we give you this You and I book as starter and daily reading reserve. Why, because this book is greater than just a book.

Douglas Barlow:

The book untitled You and I contain a lot of information on the item. The writer explains the girl idea with easy technique. The language is very straightforward all the people, so do not necessarily worry, you can easy to read the item. The book was authored by famous author. The author brings you in the new age of literary works. You can easily read this book because you can please read on your smart phone, or device, so you can read the book in anywhere and anytime. In a situation you wish to purchase the e-book, you can available their official web-site and order it. Have a nice read.

Jeffrey Cooks:

In this era globalization it is important to someone to find information. The information will make someone to understand the condition of the world. The condition of the world makes the information better to share. You can find a lot of personal references to get information example: internet, classifieds, book, and soon. You will observe that now, a lot of publisher in which print many kinds of book. Typically the book that recommended to your account is You and I this reserve consist a lot of the information of the condition of this world now. This particular book was represented so why is the world has grown up. The words styles

that writer use to explain it is easy to understand. The writer made some analysis when he makes this book. Honestly, that is why this book ideal all of you.
