European Surgical Orthopaedics and Traumatology: The EFORT Textbook

From Springer

This important reference textbook covers the surgical management of all major orthopaedic and traumatological conditions. The book will act as the major source of education and guidance in surgical practice for surgeons and trainees, especially those preparing for higher surgical examinations and the Board of Orthopaedics and Traumatology examinations within and beyond Europe. The emphasis throughout is on the application of current knowledge and research to technical problems, how to avoid operative problems, and how to salvage complications if they occur. The didactic text is complemented by abundant illustrations that highlight the essentials of each clinical scenario. The authors are all recognized international authorities active at congresses and workshops as well as in universities and hospitals across the world. ?

Editorial Review

Review

From the reviews:

“Best comprehensive textbook available on current Operative Orthopaedics 2014. No hesitation in recommending it to all audiences including hand surgeons, extremity surgery, trauma, spine surgeons, and basic science. A must have resource for all residents and specialists combined.” (Joseph J. Grenier, Amazon.com, May, 2014)

About the Author

George Bentley, DSc, MB, ChB, ChM, FRCS, FRCSE, F.Med.Sci, is Emeritus Professor of Orthopaedics at University College London and Honorary Consultant Orthopaedic Surgeon with the Royal National Orthopaedic Hospital NHS Trust. For many years he was Director and Professor of Orthopaedics at the University Department of Orthopaedics, Institute of Orthopaedics, University College London, and Director of Clinical Studies at the Royal National Orthopaedic Hospital, London. During his long career, Professor Bentley has received numerous honours and acted as visiting professor to major institutions in the United States and elsewhere. He is a Past President of EFORT, the British Orthopaedic Research Society and the British Orthopaedic Association, and he has been President of the Seddon Society since 1991. In 1994 he became a “Membre d’Honneur” of the Société Française de Chirurgie Orthopédique et Traumatologique. Professor Bentley has been European Editor-in-Chief of the Journal of Arthroplasty since 2001 and has been a member of and advisor to the editorial boards of many other prestigious journals. In 2009 he became an Honorary Fellow of the Royal Society of Medicine.

Users Review

From reader reviews:

Charles Greiner:

Book is to be different for every grade. Book for children until finally adult are different content. As it is known to us that book is very important for us. The book European Surgical Orthopaedics and Traumatology: The EFORT Textbook was making you to know about other expertise and of course you can take more information. It is rather advantages for you. The publication European Surgical Orthopaedics and Traumatology: The EFORT Textbook is not only giving you far more new information but also for being your friend when you really feel bored. You can spend your own spend time to read your reserve. Try to make relationship together with the book European Surgical Orthopaedics and Traumatology: The EFORT Textbook. You never feel lose out for everything in the event you read some books.

Terry White:

This European Surgical Orthopaedics and Traumatology: The EFORT Textbook usually are reliable for you who want to be a successful person, why. The reason of this European Surgical Orthopaedics and Traumatology: The EFORT Textbook can be among the great books you must have will be giving you more

than just simple reading food but feed you with information that possibly will shock your previous knowledge. This book is handy, you can bring it just about everywhere and whenever your conditions throughout the e-book and printed people. Beside that this European Surgical Orthopaedics and Traumatology: The EFORT Textbook giving you an enormous of experience including rich vocabulary, giving you trial run of critical thinking that we realize it useful in your day exercise. So , let's have it and revel in reading.

Danny Saleem:

You can get this European Surgical Orthopaedics and Traumatology: The EFORT Textbook by visit the bookstore or Mall. Just viewing or reviewing it could to be your solve issue if you get difficulties for ones knowledge. Kinds of this publication are various. Not only by means of written or printed but can you enjoy this book through e-book. In the modern era just like now, you just looking because of your mobile phone and searching what your problem. Right now, choose your current ways to get more information about your reserve. It is most important to arrange you to ultimately make your knowledge are still change. Let's try to choose right ways for you.

Ellis Dunn:

As a pupil exactly feel bored to help reading. If their teacher questioned them to go to the library or to make summary for some guide, they are complained. Just tiny students that has reading's soul or real their pastime. They just do what the trainer want, like asked to go to the library. They go to there but nothing reading seriously. Any students feel that reading through is not important, boring in addition to can't see colorful pictures on there. Yeah, it is for being complicated. Book is very important in your case. As we know that on this era, many ways to get whatever we really wish for. Likewise word says, ways to reach Chinese's country. Therefore , this European Surgical Orthopaedics and Traumatology: The EFORT Textbook can make you feel more interested to read.
