Evidence By Andrew Choo

Choo's *Evidence* provides students with a lucid account of the core principles of the law of civil and criminal evidence in England and Wales, thus equipping them with a sound understanding of why the law has developed in the way that it has.

This clear and engaging text explores current debates and draws on different jurisdictions to achieve a fascinating mix of critical and thought-provoking analysis for students and practitioners of the law of evidence. Thorough consideration is given to all areas of contemporary concern, particularly the ongoing implications of the Human Rights Act 1998 and the Criminal Justice Act 2003.

Online Resource Centre

Evidence is accompanied by an Online Resource Centre, which provides essential updates to the text and a helpful list of web links.

Editorial Review

Review

Choo's text provides a very accessible explanation of the law of evidence, alongside a wealth of further source material that can be followed by law students and academics alike with relative ease. Emma Smith, Northumbria University, *The Law Teacher*, 2012 It is admirable that, although Choo's text is shorter than some other notable texts in the area, detail is not sacrificed in order to facilitate the inclusion of more material. Choo does not shy away from introducing the reader to more complex concepts or debates such as Wigmore's approach to relevance and the hearsay debate and these are explained clearly and often to an impressive degree of complexity. Emma Smith, Northumbria University, *The Law Teacher*, 2012

About the Author

Andrew Choo is Professor of Law at Brunel University, London and a barrister at Matrix Chambers. He is a member of the editorial board of the *International Journal of Evidence and Proof*.

Users Review

From reader reviews:

Dana Register:

Inside other case, little folks like to read book Evidence. You can choose the best book if you appreciate reading a book. Providing we know about how is important a new book Evidence. You can add expertise and of course you can around the world with a book. Absolutely right, since from book you can understand everything! From your country until eventually foreign or abroad you will be known. About simple point until wonderful thing you could know that. In this era, we could open a book or perhaps searching by internet gadget. It is called e-book. You may use it when you feel weary to go to the library. Let's study.

Anthony Jones:

The reason why? Because this Evidence is an unordinary book that the inside of the publication waiting for you to snap the item but latter it will zap you with the secret the item inside. Reading this book alongside it was fantastic author who have write the book in such awesome way makes the content within easier to understand, entertaining method but still convey the meaning fully. So , it is good for you for not hesitating having this any more or you going to regret it. This phenomenal book will give you a lot of advantages than the other book have got such as help improving your skill and your critical thinking method. So , still want to hold off having that book? If I were being you I will go to the publication store hurriedly.

Richard Diller:

Don't be worry in case you are afraid that this book will certainly filled the space in your house, you may have it in e-book approach, more simple and reachable. This Evidence can give you a lot of close friends because by you taking a look at this one book you have issue that they don't and make anyone more like an

interesting person. This particular book can be one of one step for you to get success. This reserve offer you information that maybe your friend doesn't realize, by knowing more than various other make you to be great men and women. So , why hesitate? We need to have Evidence.

Kyle Smallwood:

Reading a guide make you to get more knowledge from this. You can take knowledge and information coming from a book. Book is composed or printed or highlighted from each source this filled update of news. In this particular modern era like right now, many ways to get information are available for an individual. From media social similar to newspaper, magazines, science e-book, encyclopedia, reference book, fresh and comic. You can add your understanding by that book. Isn't it time to spend your spare time to open your book? Or just in search of the Evidence when you needed it?
