Apache Spark in 24 Hours, Sams Teach Yourself

By Jeffrey Aven

Apache Spark in 24 Hours, Sams Teach Yourself By Jeffrey Aven

Apache Spark is a fast, scalable, and flexible open source distributed processing engine for big data systems and is one of the most active open source big data projects to date. In just 24 lessons of one hour or less, **Sams Teach Yourself Apache Spark in 24 Hours** helps you build practical Big Data solutions that leverage Spark's amazing speed, scalability, simplicity, and versatility.

This book's straightforward, step-by-step approach shows you how to deploy, program, optimize, manage, integrate, and extend Spark–now, and for years to come. You'll discover how to create powerful solutions encompassing cloud computing, real-time stream processing, machine learning, and more. Every lesson builds on what you've already learned, giving you a rock-solid foundation for real-world success.

Whether you are a data analyst, data engineer, data scientist, or data steward, learning Spark will help you to advance your career or embark on a new career in the booming area of Big Data.

Learn how to
• Discover what Apache Spark does and how it fits into the Big Data landscape
• Deploy and run Spark locally or in the cloud
• Interact with Spark from the shell
• Make the most of the Spark Cluster Architecture
• Develop Spark applications with Scala and functional Python
• Program with the Spark API, including transformations and actions
• Apply practical data engineering/analysis approaches designed for Spark
• Use Resilient Distributed Datasets (RDDs) for caching, persistence, and output
• Optimize Spark solution performance
• Use Spark with SQL (via Spark SQL) and with NoSQL (via Cassandra)
• Leverage cutting-edge functional programming techniques
• Extend Spark with streaming, R, and Sparkling Water
• Start building Spark-based machine learning and graph-processing applications
• Explore advanced messaging technologies, including Kafka
• Preview and prepare for Spark's next generation of innovations

Instructions walk you through common questions, issues, and tasks; Q-and-As, Quizzes, and Exercises build and test your knowledge; "Did You Know?" tips offer insider advice and shortcuts; and "Watch Out!" alerts help you avoid pitfalls. By the time you're finished, you'll be comfortable using Apache Spark to solve a wide spectrum of Big Data problems.

Editorial Review

About the Author
Jeffrey Aven is a big data consultant and instructor based in Melbourne, Australia. Jeff has an extensive background in data management and several years of experience consulting and teaching in the areas of Hadoop, HBase, Spark, and other big data ecosystem technologies. Jeff has won accolades as a big data instructor and is also an accomplished consultant who has been involved in several high-profile, enterprise-scale big data implementations across different industries in the region.

Users Review

From reader reviews:

Jackie Peters:

Spent a free a chance to be fun activity to do! A lot of people spent their sparetime with their family, or their friends. Usually they undertaking activity like watching television, planning to beach, or picnic inside the park. They actually doing same thing every week. Do you feel it? Do you want to something different to fill your personal free time/ holiday? Might be reading a book can be option to fill your free time/ holiday. The first thing that you ask may be what kinds of reserve that you should read. If you want to consider look for book, may be the guide untitled Apache Spark in 24 Hours, Sams Teach Yourself can be fine book to read. May be it is usually best activity to you.

Clifford Harris:

Typically the book Apache Spark in 24 Hours, Sams Teach Yourself has a lot of information on it. So when you check out this book you can get a lot of help. The book was written by the very famous author. The writer makes some research prior to write this book. This book very easy to read you can find the point easily after scanning this book.

Elvia Ecklund:

People live in this new morning of lifestyle always try and and must have the extra time or they will get lots of stress from both daily life and work. So , whenever we ask do people have time, we will say absolutely indeed. People is human not only a robot. Then we ask again, what kind of activity are there when the spare time coming to a person of course your answer will unlimited right. Then ever try this one, reading guides. It can be your alternative inside spending your spare time, the book you have read is usually Apache Spark in 24 Hours, Sams Teach Yourself.

Melissa Cox:

Some individuals said that they feel weary when they reading a e-book. They are directly felt that when they get a half regions of the book. You can choose the book Apache Spark in 24 Hours, Sams Teach Yourself to make your own personal reading is interesting. Your current skill of reading ability is developing when you such as reading. Try to choose straightforward book to make you enjoy to read it and mingle the sensation about book and studying especially. It is to be initially opinion for you to like to wide open a book and examine it. Beside that the guide Apache Spark in 24 Hours, Sams Teach Yourself can to be your friend when you're feel alone and confuse using what must you're doing of this time.
