Editorial Review

Review

“Donnelly's *Business Statistics* book is much, much easier to understand and follow along with the lectures. The example problems are broken down for better understanding. Overall the book seems wonderful and I would love to have more books like this in all my classes.” **Richard Walker, University of Texas At San Antonio**

“Relates to students on a more conversational level and thereby assists in the learning process. The book presents the concepts in an easy-to-understand, and even somewhat exciting, manner.” **Heath McConnell, East Tennessee State University**

“There was humor in the book so it was easy to read and the examples were realistic and easy to follow.” **Cindy Ortiz, University of Texas — San Antonio**

Users Review

From reader reviews:

Theodore Rios:

A lot of people always spent their own free time to vacation or maybe go to the outside with them household or their friend. Did you know? Many a lot of people spent they will free time just watching TV, or perhaps playing video games all day long. If you wish to try to find a new activity that is look different you can read some sort of book. It is really fun in your case.
