## **Editorial Review**

### **About the Author**

Armeda Ferrini, Ph.D., professor and chair of the Department of Health and Community Services at California State University at Chico, received her M.S. in Family and Child Development at Kansas State University and her Ph.D. in Health Science at the University of Utah. She has been teaching the course, Health in the Later Years, for more than 25 years.

Rebecca Ferrini, MD, MPH is the Medical Director of Edgemoor, a 170-bed long-term care facility for the indigent run by the County of San Diego in Santee, California. Her duties include both administrative responsibilities and clinical care.. Dr. Ferrini received her M.D. from the University of California at San Diego in 1991 and her Masters in Public Health in Maternal and Child Health in 1995. She completed a General Preventive Medicine Residency at California State University, San Diego/University of California San Diego Joint Residency Program. She has Board Certifications in Hospice and Palliative Medicine and General Preventive Medicine and is a certified nursing home medical director from the American Medical Director's Association. She has published extensively in the areas of medical practice guidelines and policy-making, as well as education, pain control and epidemiology.

## **Users Review**

### **From reader reviews:**

#### **Sam Holmes:**

In this 21st one hundred year, people become competitive in every way. By being competitive currently, people have do something to make these individuals survives, being in the middle of the crowded place and notice by surrounding. One thing that often many people have underestimated this for a while is reading. Sure, by reading a publication your ability to survive increase then having chance to stand up than other is high. #### **Troy Munoz:**

Now a day people who Living in the era exactly where everything reachable by connect with the internet and the resources inside it can be true or not need people to be aware of each information they get. How many people to be smart in obtaining any information nowadays? Of course the reply is reading a book. Reading through a book can help people out of this uncertainty Information specially this Health in the Later Years book as this book offers you rich information and knowledge. Of course the data in this book hundred percent guarantees there is no doubt in it everbody knows.

#### **Kellie Smith:**

Do you have something that you like such as book? The publication lovers usually prefer to pick book like comic, small story and the biggest some may be novel. Now, why not hoping Health in the Later Years that

give your satisfaction preference will be satisfied by reading this book. Reading routine all over the world can be said as the opportunity for people to know world considerably better than how they react toward the world. It can't be mentioned constantly that reading habit only for the geeky person but for all of you who wants to end up being success person. So , for every you who want to start looking at as your good habit, you can pick Health in the Later Years become your current starter.

**James Rutledge:**

As a college student exactly feel bored to be able to reading. If their teacher questioned them to go to the library as well as to make summary for some reserve, they are complained. Just tiny students that has reading's heart or real their hobby. They just do what the educator want, like asked to the library. They go to there but nothing reading seriously. Any students feel that reading is not important, boring as well as can't see colorful images on there. Yeah, it is to be complicated. Book is very important for yourself. As we know that on this period of time, many ways to get whatever we would like. Likewise word says, ways to reach Chinese's country. Therefore , this Health in the Later Years can make you truly feel more interested to read.
