For years the top reference in the field, this book suits everyone from beginners who want to master techniques step by illustrated step, to pros who need an up-to-date, all-inclusive shop manual. This an insider's guide to every facet of the world of mechanical security.

Great for independent or classroom study, the Sixth Edition features:

- Comprehensive illustrated coverage from a master locksmith
- The perfect tool for teaching yourself lockpicking and lock fixing
- Buying and selling safes
- Coverage of electronic and high-security mechanical locks
- Auto lock opening and servicing how-to's
- Lockmaking instructions
- An all new registered professional locksmith exam
- Lists of tool and equipment sources
- PLUS NEW instruction on key impressing; home security surveys; getting hired as a locksmith; testing your knowledge; and running a locksmith business

"It's hard to find technical details on this subject: locksmiths are relatively close-mouthed about the craft of their trade. Laypeople to professionals will thus find this a winning reference: it covers all types of locks and keys from old-fashioned to modern electromagnetic locks and vending machines, providing the basics of locksmithing and different system operations." -- Midwest Book Review, on a previous edition
