## Editorial Review

### Review

"This commentary combines grammatical assistance with analysis of the text in ways which make reading easier and encourage interpretation. It also introduces current debates in Virgilian scholarship clearly and helpfully, and promotes and provides guidance for further reading. Perzell has provided valuable support for those wishing to teach Aeneid 3 at an intermediate level, and I look forward to the other volumes in this series."

- Anne Rogerson, University of Sydney, Bryn Mawr Classical Review 2010.11.23

The new Vergil commentaries from Focus are an exciting resource for almost anyone reading the Aeneid in Latin. . . . The editors recognize that developing core reading skills and involving students in the interpretive questions raised by the poem are not separate objectives. This recognition has resulted in commentaries that enticingly present basic information in a wider setting of observation and enquiry. . . . All in all, the Focus series balances simplicity and subtlety, reminding students at all levels that increasing technical precision and stretching one's interpretive curiosity are—fundamentally—one endeavor.
