Intelligent Document Capture with Ephesoft By Pat Myers, Ike Kavas, Michael Muller, Clifford Laurin

Learn to use open source software to automate the processing of scanned and digital documents to save time, save money, and improve accuracy

- Learn the benefits of intelligent document capture and how to implement document capture using Ephesoft
- Capture relevant information from your documents, even if they vary widely in format and appearance
- Leverage the power of open source software to implement a cost effective solution for document capture
- A practical guide providing examples for optimizing document capture for your business

In Detail

Ephesoft is an open source document capture solution. Everyone talks about the paperless work place but the reality is that paper still exists and will continue to be part of your business. Capturing the document's content using Ephesoft can minimize the time your company spends reviewing and processing physical documents.

"Intelligent Document Capture with Ephesoft" teaches you about document capture in general and implementation of document capture using Ephesoft.

Start by learning about document capture, the history of document capture, and intelligent document capture. Progress to a tour of Ephesoft's key features, including operator and administrator interfaces and then learn to configure Ephesoft to process your business's specific document types and extract content from those documents. Finally, learn advanced customization techniques that make Ephesoft accommodate your unique business needs.

"Intelligent Document Capture with Ephesoft" will teach you to optimize the processing of your physical document, saving your company time and money.

What will you learn from this book

- Discover the benefits of using intelligent document capture in your work place.
- Learn to capture, classify, and separate any type of document.
- Extract important information from your documents
- Transfer the documents into your content management system
- Customize Ephesoft to meet your unique business requirements
- Automate data entry with OCR
- Learn to automate business processes that depend on documents in paper, fax or email attachment format
- Convert your paper archive to electronic records efficiently
- Implement distributed capture for mailroom automation
- Identify documents and group them without the use of barcodes or separator sheets.

Approach

Written in easy to follow manner, this book is a complete guide to Document capture with Ephesoft.

Who this book is written for

This book is intended for information technology professionals interested in installing and configuring Ephesoft for their organization, but it is a valuable resource for anyone interested in learning about document capture in general.

Clifford Laurin

Cliff has over 17 years of professional experience as a software engineer, including 11 years in the field of Enterprise Content Management. He is currently an ECM Architect at Zia Consulting.

Users Review

From reader reviews:

Sonja Johnson:

Precisely why? Because this Intelligent Document Capture with Ephesoft is an unordinary book that the inside of the publication waiting for you to snap the idea but latter it will jolt you with the secret this inside. Reading this book adjacent to it was fantastic author who all write the book in such incredible way makes the content interior easier to understand, entertaining method but still convey the meaning thoroughly. So , it is good for you for not hesitating having this ever again or you going to regret it. This excellent book will give you a lot of positive aspects than the other book include such as help improving your ability and your critical thinking approach. So , still want to delay having that book? If I had been you I will go to the reserve store hurriedly.

Lisa King:

Playing with family in the park, coming to see the water world or hanging out with buddies is thing that usually you may have done when you have spare time, and then why you don't try matter that really opposite from that. One particular activity that make you not feeling tired but still relaxing, trilling like on roller coaster you are ride on and with addition of information. Even you love Intelligent Document Capture with Ephesoft, you may enjoy both. It is good combination right, you still want to miss it? What kind of hangout type is it? Oh occur its mind hangout people. What? Still don't have it, oh come on its identified as reading friends.

Muriel Colvard:

Do you have something that you prefer such as book? The guide lovers usually prefer to decide on book like comic, brief story and the biggest one is novel. Now, why not trying Intelligent Document Capture with Ephesoft that give your pleasure preference will be satisfied through reading this book. Reading addiction all over the world can be said as the method for people to know world considerably better then how they react in the direction of the world. It can't be claimed constantly that reading routine only for the geeky particular person but for all of you who wants to always be success person. So , for all of you who want to start reading as your good habit, you may pick Intelligent Document Capture with Ephesoft become your own personal starter.

Robert Dunham:

A lot of book has printed but it is unique. You can get it by net on social media. You can choose the top book for you, science, comic, novel, or whatever simply by searching from it. It is known as of book Intelligent Document Capture with Ephesoft. You can add your knowledge by it. Without leaving the printed book, it could add your knowledge and make you actually happier to read. It is most essential that, you must aware about guide. It can bring you from one location to other place.
