Editorial Review

From School Library Journal

Grade 6-9—*Coraline* fans too young for The Sandman series (DC Comics) form the most likely audience for this novella of the film *MirrorMask*. A fitful dream the night before her mothers surgery takes 15-year-old Helena to a world split into light and darkness. The queen of the White City is ill, and only the stolen MirrorMask can save her and her kingdom. As Helenas quest to find the Charm wears on, she realizes that she might not be dreaming after all. McKean's stark but lively pen-and-ink drawings perfectly reflect the narratives sinister humor. The images from the film, however, are drab and unclear. While entertaining, this scant story is less developed than Gaiman's other work and, being a movie tie-in, threatens to join the growing pile of pop-culture ephemera all too soon.—*Lisa Goldstein, Brooklyn Public Library, NY*

Young British television actress Stephanie Leonidas reprises her film role as Helena Campbell, the daughter of circus performers who is cast into a dark realm that is part ALICE IN WONDERLAND, part WIZARD OF OZ, and part Salvador Dali. In a moment of rebellion, Helena wishes her mother dead. Later that evening, her mother falls into a coma, and Helena soon falls into a bizarre fantasy world in which a Dark Queen tries to wipe out Helena's past and make her a Dark Princess. Leonidas reads with a rich, sweet voice but lacks the energy and emotional intensity of her on-screen performance. Still, her enticing accent coupled with Gaiman's off-kilter storytelling makes MIRRORMASK a delightful, if at times spooky, family audiobook.
