**Nazi Paris: The History of an Occupation, 1940-1944** By Allan Mitchell

Basing his extensive research into hitherto unexploited archival documentation on both sides of the Rhine, Allan Mitchell has uncovered the inner workings of the German military regime from the Wehrmacht's triumphal entry into Paris in June 1940 to its ignominious withdrawal in August 1944. Although mindful of the French experience and the fundamental issue of collaboration, the author concentrates on the complex problems of occupying a foreign territory after a surprisingly swift conquest. By exploring in detail such topics as the regulation of public comportment, economic policy, forced labor, culture and propaganda, police activity, persecution and deportation of Jews, assassinations, executions, and torture, this study supersedes earlier attempts to investigate the German domination and exploitation of wartime France. In doing so, these findings provide an invaluable complement to the work of scholars who have viewed those dark years exclusively or mainly from the French perspective.

#### **Henry Jones:**

As a university student exactly feel bored to reading. If their teacher expected them to go to the library or even make summary for some publication, they are complained. Just tiny students that has reading's spirit or real their interest. They just do what the instructor want, like asked to the library. They go to there but nothing reading really. Any students feel that examining is not important, boring as well as can't see colorful pictures on there. Yeah, it is for being complicated. Book is very important for yourself. As we know that on this period of time, many ways to get whatever you want. Likewise word says, many ways to reach Chinese's

country. So , this Nazi Paris: The History of an Occupation, 1940-1944 can make you feel more interested to read.
