Practical Handbook of Falcon Husbandry and Medicine By Margit Gabriele Muller

Falcon medicine exists for centuries, but in the past 10-15 years tremendous progress and new development of diseases and treatment methods have been made. It has always been a challenge to treat these beautiful birds of prey and the challenge continues until now. Falcons, falconry and falcon medicine are important in Abu Dhabi and the United Arab Emirates which can be regarded as the cradle of modern falcon medicine in the 21st century. Having treated more than 30,000 falcons over the past years, the author feels that the time has come to share his outstanding experience with the veterinarians' and falconers' community for the sake of these incredible birds of prey - to enhance their living conditions and to improve medical falcon health care world-wide. This book is based on his experience of a large variety of different cases and is therefore very practical-oriented. It is intended to be a useful handbook for all interested people working with falcons such as veterinarians, veterinary students, falconers and raptor rehabilitation workers. The aim of this book is not to include all research that has ever been done on falcons, but to highlight those issues that are really working out in practice. It includes 17 chapters ranging from history of falcon medicine to different diseases up to first aid and intensive care medicine.

Editorial Review

Users Review

From reader reviews:

Paul Howard:

Nowadays reading books become more than want or need but also get a life style. This reading routine give you lot of advantages. The advantages you got of course the knowledge your information inside the book that will improve your knowledge and information. The knowledge you get based on what kind of e-book you read, if you want get more knowledge just go with knowledge books but if you want sense happy read one together with theme for entertaining like comic or novel. Typically the Practical Handbook of Falcon Husbandry and Medicine is kind of e-book which is giving the reader capricious experience.

James Sanchez:

The publication untitled Practical Handbook of Falcon Husbandry and Medicine is the e-book that recommended to you you just read. You can see the quality of the book content that will be shown to you. The language that article author use to explained their ideas are easily to understand. The article writer was did a lot of investigation when write the book, hence the information that they share for your requirements is absolutely accurate. You also will get the e-book of Practical Handbook of Falcon Husbandry and Medicine from the publisher to make you more enjoy free time.

Beverly Sands:

You may spend your free time to see this book this guide. This Practical Handbook of Falcon Husbandry and Medicine is simple to deliver you can read it in the area, in the beach, train and also soon. If you did not get much space to bring the printed book, you can buy typically the e-book. It is make you easier to read it. You can save the actual book in your smart phone. Therefore there are a lot of benefits that you will get when one buys this book.

Noah Gardner:

As a student exactly feel bored to reading. If their teacher requested them to go to the library or even make summary for some guide, they are complained. Just minor students that has reading's heart and soul or real their hobby. They just do what the educator want, like asked to go to the library. They go to presently there but nothing reading critically. Any students feel that looking at is not important, boring as well as can't see colorful pics on there. Yeah, it is for being complicated. Book is very important to suit your needs. As we know that on this time, many ways to get whatever we would like. Likewise word says, many ways to reach Chinese's country. Therefore , this Practical Handbook of Falcon Husbandry and Medicine can make you

really feel more interested to read.
