(Schott). What choral conductor or soloist has not looked around for new ideas for warming up the voice? Here are 200 suggestions all at once! These creative exercises do more than just warm up the voice: they help to relax the body, train the ear and develop an awareness of dynamics and rhythm. Klaus Heizmann's collection is a wonderful new resource of ideas and techniques: practical, varied, challenging, relaxing and stimulating. I am always looking for new ideas, as I like to use a different set of warm-ups at every rehearsal with my choirs, and I tend to choose specific exercises to suit the repertoire for the day. This collection gives us 200 excellent "tools-of-the-trade"; they are clearly labeled, intelligently set out, well-designed and extremely useful. Simon Carrington , Director of Choral Activities, New England Conservatory since 2001, Director of Choral Activities, The University of Kansas 1994-2001, and founder and co-director of the King's Singers 1968-1993
