Lenin's Tomb: The Last Days of the Soviet Empire By David Remnick

Winner of the Pulitzer Prize

One of the Best Books of the Year: *The New York Times*

From the editor of *The New Yorker*: a riveting account of the collapse of the Soviet Union, which has become the standard book on the subject. *Lenin's Tomb* combines the global vision of the best historical scholarship with the immediacy of eyewitness journalism. Remnick takes us through the tumultuous 75-year period of Communist rule leading up to the collapse and gives us the voices of those who lived through it, from democratic activists to Party members, from anti-Semites to Holocaust survivors, from Gorbachev to Yeltsin to Sakharov. An extraordinary history of an empire undone, *Lenin's Tomb* stands as essential reading for our times.

Editorial Review

Amazon.com Review

"...the most eloquent chronicle of the Soviet empire's demise." --*Washington Post Book World*

"...an extraordinary confluence of observation, hard work, knowledge, and reflection; a better book by a journalist on the withdrawing roar of the Soviet Union is hard to imagine." --*The New York Times Book Review*

From Publishers Weekly

An outstanding account of the unravelling of the Soviet empire; with a new afterword by the author. Copyright 1994 Reed Business Information, Inc.

From Library Journal

In January 1988, Remnick began a tour as a reporter at the Moscow bureau of the Washington Post just in time for a front row seat to the collapse of the Soviet Union and its Communist Party. Assignments brought him into contact with everyone from elite, old-guard communists and neo-Stalinists to liberal democrats and leaders of the reform movement. Remnick recounts the particulars of these interactions in this intimate and personal account of one of the century's climactic events. His chronicle includes interesting vignettes, and his depiction of the abortive 1991 attempt to overthrow Gorbachev is compelling. Nevertheless, perspective and a sense of the monumental are hidden in ponderous, sometimes redundant detail. Of passing interest, this is suitable for popular collections. Previewed in Prepub Alert, LJ 2/1/92.

- James R. Kuhlman, *Univ. of Alabama Lib., Tuscaloosa*
