The Forest By Edward Rutherfurd

Edward Rutherfurd's new audiobook covers four centuries of British history, with the New Forest as background, culminating in a five-family saga set in the days of Jane Austen.

Few places in England are more resonant, more mysterious yet more friendly than the huge forest that lies by England's southern coast, that provided hunting for England's Saxon and Norman kings, and whose ancient oaks were used to build Nelson's navy. Jane Austen and her family lived just 25 miles northeast of the forest. The river Avon runs down the forest's western edge. On its eastern side is the ancient Saxon capital of Winchester, the great port of Southampton from which the *Titanic* set out, and the *QE2* sails to this day, and beyond that Portsmouth, home of the British Navy.

It is against this backdrop that Rutherfurd tells a tale of woodsmen, monks, sailors, craftswomen and families. The largest family in the novel is modeled loosely upon the extended family of Jane Austen, together with certain other known families from the New Forest area. And so, we have the magical formula of previous Rutherfurd novels with the same sense of the passing of centuries but a shorter time period allowing for more character development and drama, culminating in the Austen period, a favorite in British history, just at the time when the New Forest was at its most bustling.

Editorial Review

Users Review

From reader reviews:

James Jackson:

Why don't make it to be your habit? Right now, try to prepare your time to do the important act, like looking for your favorite e-book and reading a guide. Beside you can solve your condition; you can add your knowledge by the e-book entitled The Forest. Try to stumble through book The Forest as your pal. It means that it can for being your friend when you really feel alone and beside associated with course make you smarter than ever. Yeah, it is very fortunated in your case. The book makes you much more confidence because you can know almost everything by the book. So , let me make new experience and also knowledge with this book.

Lionel Huggins:

As people who live in often the modest era should be revise about what going on or information even knowledge to make these individuals keep up with the era which is always change and move forward. Some of you maybe can update themselves by studying books. It is a good choice for you personally but the problems coming to anyone is you don't know what type you should start with. This The Forest is our recommendation so you keep up with the world. Why, because book serves what you want and wish in this era.

Peter Delaune:

People live in this new time of lifestyle always try and and must have the extra time or they will get wide range of stress from both daily life and work. So , if we ask do people have free time, we will say absolutely yes. People is human not really a robot. Then we inquire again, what kind of activity do you have when the spare time coming to you actually of course your answer will probably unlimited right. Then do you ever try this one, reading books. It can be your alternative with spending your spare time, the book you have read will be The Forest.

Timothy Pace:

This The Forest is great e-book for you because the content which is full of information for you who always deal with world and possess to make decision every minute. This specific book reveal it facts accurately using great arrange word or we can claim no rambling sentences inside it. So if you are read it hurriedly you can have whole facts in it. Doesn't mean it only will give you straight forward sentences but tricky core information with lovely delivering sentences. Having The Forest in your hand like finding the world in your arm, info in it is not ridiculous one particular. We can say that no guide that offer you world in ten or fifteen

moment right but this e-book already do that. So , this really is good reading book. Heya Mr. and Mrs. active do you still doubt that?
