

The Penis Book: An Owner's Manual for Use, Maintenance, and Repair

By Margaret Gore

The Penis Book: An Owner's Manual for Use, Maintenance, and Repair By Margaret Gore

A man will usually read the owner's manual of anything he owns, whether it's his car, stereo system, or computer software. He wants to know how it works, what he can do with it, and what to do if things go wrong. However, when it comes to getting information about his most prized possession - his penis - a lot of men don't know where to go. The Penis Book explodes the myths of male sexuality, explains the plumbing and what can go wrong, discusses sexually transmitted diseases and how to avoid them, and sexual problems and how to overcome them. Using frank and engaging language, The Penis Book answers questions men are often too embarrassed to ask, and presents the facts in a manner easily accessible to males of all ages, from teenage boys to senior citizens.

Editorial Review

Amazon.com Review

You would think that the mythology of male sexuality is a thing of the past, that most men know that from time to time their penises won't achieve or sustain erections, and that guys have just as much right as women to occasionally not be in the mood. But images of hyperdrive masculinity still exist in popular culture, and as long as guys take them to heart, they'll continue to freak out over the smallest malfunctions. Thus, *The Penis Book* is a comfort object, a small and easily concealable guide to how the penis works and why it occasionally doesn't, how men can effectively prevent impregnating their partners, and how to deal with the real problems that occur, including STDs.

Users Review

From reader reviews:

Jose Brummitt:

What do you consider book? It is just for students because they're still students or the item for all people in the world, what best subject for that? Just you can be answered for that query above. Every person has different personality and hobby for each and every other. Don't to be obligated someone or something that they don't need do that. You must know how great along with important the book *The Penis Book: An Owner's Manual for Use, Maintenance, and Repair*. All type of book is it possible to see on many resources. You can look for the internet methods or other social media.

Mary Kenney:

In this 21st millennium, people become competitive in most way. By being competitive at this point, people have do something to make these individuals survives, being in the middle of the particular crowded place and notice through surrounding. One thing that occasionally many people have underestimated the idea for a while is reading. Yeah, by reading a publication your ability to survive improve then having chance to stay than other is high. To suit your needs who want to start reading some sort of book, we give you that *The Penis Book: An Owner's Manual for Use, Maintenance, and Repair* book as basic and daily reading publication. Why, because this book is greater than just a book.

Emily Boyd:

Is it you who having spare time and then spend it whole day by simply watching television programs or just telling lies on the bed? Do you need something new? This *The Penis Book: An Owner's Manual for Use, Maintenance, and Repair* can be the response, oh how comes? A book you know. You are so out of date, spending your time by reading in this fresh era is common not a nerd activity. So what these textbooks have than the others?

Lucille Yang:

As we know that book is important thing to add our expertise for everything. By a publication we can know everything we really wish for. A book is a list of written, printed, illustrated or perhaps blank sheet. Every year had been exactly added. This guide The Penis Book: An Owner's Manual for Use, Maintenance, and Repair was filled in relation to science. Spend your free time to add your knowledge about your research competence. Some people has distinct feel when they reading some sort of book. If you know how big good thing about a book, you can truly feel enjoy to read a reserve. In the modern era like right now, many ways to get book you wanted.
