

# Introducing English Semantics

By Charles W. Kreidler

## Introducing English Semantics By Charles W. Kreidler

*Introducing English Semantics* is a comprehensive and accessible introduction to the study of meaning.

Charles W. Kreidler presents the basic principles of this discipline. He explores how languages organize and express meanings through words, parts of words and sentences.

*Introducing English Semantics:*

- \* deals with relations of words to other words, and sentences to other sentences
- \* illustrates the importance of 'tone of voice' and 'body language' in face-to-face exchanges, and the role of context in any communication
- \* makes random comparisons of features in other languages
- \* explores the knowledge speakers of a language must have in common to enable them to communicate
- \* discusses the nature of language; the structure of discourse; the distinction between lexical and grammatical meaning
- \* examines such relations as synonymy, antonymy, and hyponymy; ambiguity; implication; factivity; aspect; and modality

Written in a clear, accessible style, *Introducing English Semantics* will be an essential text for any student following an introductory course in semantics. Assuming no prior knowledge of linguistics, all technical terms are clearly defined in an accompanying glossary and active participation is encouraged through numerous exercises.

## **Editorial Review**

### Review

An outstanding book. It is very readable, remarkably clear, consistently interesting and often provocative. The subject matter is treated in a very thorough manner, yet a wide variety of topics are covered. The book will be entirely accessible to its intended audience -- beginning students.

**–Laurel Brinton, University of British Columbia**

### About the Author

Charles W. Kreidler is Emeritus Professor of Linguistics at Georgetown University. His previous publications include *The Pronunciation of English* (1989) and *Describing Spoken English* (1997).
