Power & Choice: An Introduction to Political Science (B&B Political Science) By W. Phillips Shively

This program provides a general, comparative introduction to the major concepts and themes of political science. The title of the book, Power & Choice, indicates a subsidiary theme that recurs at intervals. We may view politics as (1) the use of power or (2) the production of a public choice. Often one or the other is heavily emphasized in approaching the subject. Marxism emphasizes politics as the use of power, while pluralism and much formal modeling work emphasize the emergence of public choices.

Editorial Review

About the Author

W. Phillips Shively is Morse-Alumni Professor of Political Science at the University of Minnesota, where he moved in 1971 after teaching at the University of Oregon and Yale University. He has also served as Visiting Professor at the University of Oslo in Norway. His research, which has appeared in numerous articles, deals with the comparative study of elections, and he has written *The Craft of Political Research*, an introduction to research techniques. He has also had practical political experience as a lobbyist in Minnesota. His true love is bird-watching.

Users Review

From reader reviews:

Deb Valdez:

Information is provisions for anyone to get better life, information these days can get by anyone at everywhere. The information can be a understanding or any news even a problem. What people must be consider if those information which is in the former life are challenging be find than now's taking seriously which one would work to believe or which one often the resource are convinced. If you receive the unstable resource then you understand it as your main information you will have huge disadvantage for you. All those possibilities will not happen within you if you take *Power & Choice: An Introduction to Political Science (B&B Political Science)* as your daily resource information.
