### Editorial Review

#### About the Author

Steve Zumdahl is the author of market-leading textbooks in introductory chemistry, general chemistry, honors-level chemistry, and high school chemistry. Recently retired from his long-time position as Director of Undergraduate Programs at the University of Illinois, he has received numerous awards for his contributions to chemical education. These include the National Catalyst Award in recognition of his contribution to chemical education, the University of Illinois Teaching Award, the UIUC Liberal Arts and Sciences Advising Award, and the School of Chemical Sciences Teaching Award (five times). He earned his B.S. in Chemistry from Wheaton College (IL), and his Ph.D. from the University of Illinois.

Susan A. Zumdahl earned a B.S. and M.A. in Chemistry at California State University--Fullerton. She has taught science and mathematics at all levels, including middle school, high school, community college, and university. She is past director of the Merit Program for Emerging Scholars in Chemistry at the University of Illinois. In addition, she spearheaded the development of a sophisticated web-based electronic homework system for chemistry and is co-author on several chemistry textbooks.

### Users Review

#### From reader reviews:

##### Christopher Patton:

People live in this new moment of lifestyle always aim to and must have the spare time or they will get great deal of stress from both day to day life and work. So , if we ask do people have spare time, we will say absolutely indeed. People is human not really a huge robot. Then we ask again, what kind of activity do you have when the spare time coming to a person of course your answer will unlimited right. Then do you try this one, reading textbooks. It can be your alternative in spending your spare time, often the book you have read is actually World of Chemistry.

##### Michael Canton:

Your reading sixth sense will not betray you actually, why because this World of Chemistry guide written by well-known writer who really knows well how to make book which might be understand by anyone who else read the book. Written in good manner for you, still dripping wet every ideas and creating skill only for eliminate your personal hunger then you still hesitation World of Chemistry as good book not merely by the cover but also from the content. This is one reserve that can break don't evaluate book by its cover, so do you still needing yet another sixth sense to pick this!? Oh come on your reading sixth sense already said so why you have to listening to a different sixth sense.

##### Mary Craine:

You may spend your free time to read this book this publication. This World of Chemistry is simple to deliver you can read it in the area, in the beach, train as well as soon. If you did not have got much space to

bring the particular printed book, you can buy often the e-book. It is make you easier to read it. You can save the book in your smart phone. Therefore there are a lot of benefits that you will get when one buys this book.

**Merlin Doyle:**

As a college student exactly feel bored to reading. If their teacher requested them to go to the library in order to make summary for some book, they are complained. Just very little students that has reading's heart and soul or real their passion. They just do what the trainer want, like asked to the library. They go to right now there but nothing reading really. Any students feel that studying is not important, boring and can't see colorful photographs on there. Yeah, it is to be complicated. Book is very important to suit your needs. As we know that on this age, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. Therefore this World of Chemistry can make you experience more interested to read.
