concrete5 Beginner's Guide

By Remo Laubacher

concrete5 Beginner's Guide By Remo Laubacher

This book is part of Packt's Beginner's Guide series. You will be guided through the set up of a Concrete5 site with step-by-step practical examples. This book is ideal for developers who would like to build their first site with Concrete5. Some knowledge of PHP, MySQL, or HTML would be useful, but you will likely have little to no experience in using Concrete5. This book will teach you everything you need to know!

Editorial Review

About the Author

Remo Laubacher grew up in Central Switzerland in a small village surrounded by lots of mountains and natural beauty. He started working with computers several years ago. After doing various computer related work, he focused on ERP and Oracle development but always kept his know how about web technologies up to date. A bit later, he ended up having a BSc in Business Administration but still works as an ERP and web developer and consultant.

He is an owner at Ortic where he does his ERP and Oracle related business but also works at mesch.ch where he discovered Concrete5 as the perfect tool for their web related projects. He has published some tutorials on **codeblog.ch**.

Users Review

From reader reviews:

Nick Jansen:

Do you considered one of people who can't read enjoyable if the sentence chained within the straightway, hold on guys that aren't like that. This concrete5 Beginner's Guide book is readable by means of you who hate the straight word style. You will find the information here are arrange for enjoyable reading through experience without leaving possibly decrease the knowledge that want to supply to you. The writer of concrete5 Beginner's Guide content conveys objective easily to understand by many people. The printed and e-book are not different in the information but it just different by means of it. So , do you nonetheless thinking concrete5 Beginner's Guide is not loveable to be your top checklist reading book?

Nancy Nault:

Nowadays reading books are more than want or need but also be a life style. This reading behavior give you lot of advantages. Associate programs you got of course the knowledge the actual information inside the book which improve your knowledge and information. The data you get based on what kind of reserve you read, if you want get more knowledge just go with education and learning books but if you want feel happy read one with theme for entertaining for example comic or novel. Often the concrete5 Beginner's Guide is kind of publication which is giving the reader unpredictable experience.

Paul Day:

Information is provisions for anyone to get better life, information these days can get by anyone at everywhere. The information can be a knowledge or any news even restricted. What people must be consider if those information which is inside former life are difficult to be find than now could be taking seriously which one would work to believe or which one often the resource are convinced. If you obtain the unstable resource then you understand it as your main information you will have huge disadvantage for you. All of

those possibilities will not happen in you if you take concrete5 Beginner's Guide as the daily resource information.

Nancy Gump:

Do you have something that you enjoy such as book? The book lovers usually prefer to decide on book like comic, limited story and the biggest some may be novel. Now, why not hoping concrete5 Beginner's Guide that give your entertainment preference will be satisfied simply by reading this book. Reading addiction all over the world can be said as the method for people to know world much better then how they react when it comes to the world. It can't be claimed constantly that reading addiction only for the geeky man but for all of you who wants to always be success person. So , for all you who want to start reading as your good habit, it is possible to pick concrete5 Beginner's Guide become your own personal starter.
