About the Author

Bill Jelen, Excel MVP and the host of MrExcel.com, has been using spreadsheets since 1985, and he launched the MrExcel.com website in 1998. Bill was a regular guest on Call for Help with Leo Laporte and has produced more than 1,200 episodes of his daily video podcast, Learn Excel from MrExcel. He is the author of 30 books about Microsoft Excel and writes the monthly Excel column for *Strategic Finance* magazine. You will most frequently find Bill taking his show on the road, doing half-day Power Excel seminars wherever he can find a room full of accountants or Excellers. Before founding MrExcel.com, Jelen spent 12 years in the trenches—working as a financial analyst for finance, marketing, accounting, and operations departments of a \$500 million public company. He lives near Akron, Ohio, with his wife, Mary Ellen, and his sons, Josh and Zeke.

Tracy Syrstad is the project manager for the MrExcel consulting team. She was introduced to Excel VBA by a co-worker who encouraged her to learn VBA by recording steps and then modifying the code as needed. Her first macro was a simple lookup and highlight for a parts index, although it hardly seemed simple then. But she was encouraged by this success and others to follow. She'll never forget the day when it all clicked. She hopes this book will bring that click to its readers sooner and with less frustration. She lives near Sioux Falls, South Dakota, with her husband, John.
