Urban Outcasts: A Comparative Sociology of Advanced Marginality By Loïc Wacquant

Breaking with the exoticizing cast of public discourse and conventional research, *Urban Outcasts* takes the reader inside the black ghetto of Chicago and the deindustrializing banlieue of Paris to discover that urban marginality is not everywhere the same. Drawing on a wealth of original field, survey and historical data, Loïc Wacquant shows that the involution of America's urban core after the 1960s is due not to the emergence of an 'underclass', but to the joint withdrawal of market and state fostered by public policies of racial separation and urban abandonment. In European cities, by contrast, the spread of districts of 'exclusion' does not herald the formation of ghettos. It stems from the decomposition of working-class territories under the press of mass unemployment, the casualization of work and the ethnic mixing of populations hitherto segregated, spawning urban formations akin to 'anti-ghettos'.

Comparing the US 'Black Belt' with the French 'Red Belt' demonstrates that state structures and policies play a decisive role in the articulation of class, race and place on both sides of the Atlantic. It also reveals the crystallization of a new regime of marginality fuelled by the fragmentation of wage labour, the retrenchment of the social state and the concentration of dispossessed categories in stigmatized areas bereft of a collective idiom of identity and claims-making. These defamed districts are not just the residual 'sinkholes' of a bygone economic era, but also the incubators of the precarious proletariat emerging under neoliberal capitalism.

Urban Outcasts sheds new light on the explosive mix of mounting misery, stupendous affluence and festering street violence resurging in the big cities of the First World. By specifying the different causal paths and experiential forms assumed by relegation in the American and the French metropolis, this book offers indispensable tools for rethinking urban marginality and for reinvigorating the public debate over social inequality and citizenship at century's dawn.

Editorial Review

Review

"This is a fantastic book that anyone interested in the historical trajectory of advanced capitalism and the marginality it breeds should read. The book's real strength is its fusion of political sociological theory, economic history and a rich, everyday ethnography ... Wacquant's political sociological method is the perfect complement to recent urban geographical scholarship that deconstructs the spatial political economy of 'neoliberal urbanism', opening up the impacts of these policies on the ground with surgical precision."

Area

"This book should be mandatory reading for scholars, graduate students and advanced undergraduates interested in this subject ... this is an exciting book written by one of the most prominent urban sociologists today. It provides a useful concept for understanding urban poverty (i.e. advanced marginality), outlines a powerful argument for how advanced marginality varies in different countries and, most importantly, identifies the power of states to shape the structure of these places and the life-chances of their residents."

Urban Studies

"Leading Chicago sociology Loic Wacquant's comparative analysis of advanced marginality in the American ghetto and French banlieue is the best of a spate of works on urban poverty to be released recently."

Sociology

"A thoroughly researched manifesto for an urban sociology that empowers the new precarious labour force of the post-industrial city."

Race and Class

"[Wacquant] raises a series of valuable discussion points on methodology, scales of explanation, the value and challenges of comparative study, modes of writing, and the question of the author's positionality and its effects on the drama he is recounting - a rich harvest to garner from a single volume ... would make first-rate reading and discussion material for senior undergraduate and graduate seminars."

Annals of the Association of American Geographers

"*Urban Outcasts* is a majestic synthesis of research on urban marginality in advanced capitalist countries. It uncovers the common forces leading to a new kind of poverty on both sides of the Atlantic while forcefully demonstrating the distinctly different ways social exclusion operates in Europe and in America. This refreshingly new look at the nexus of race, class and space in the post-Fordist world is a major contribution to social theory and urban studies."

Ivan Szelenyi, author of *Cities After Socialism and Patterns of Exclusion*

"In this impressive book, Wacquant deploys his unparalleled knowledge of the black American ghetto and the French *banlieue* to tackle a series of foundational questions about inequality and poverty. He shows us the variable ways in which these two conditions get constituted in two strands of capitalism and how 'territorial stigmatization' affects both the strategies of the poor and the public policies aimed at their reserved zones. The result is a provocative analysis of polarization from below and of the lived realities of urban marginality."

Saskia Sassen, author of *The Global City and Territory, Authority, Rights*

Review

From the Back Cover

Breaking with the exoticizing cast of public discourse and conventional research, *Urban Outcasts* takes the reader inside the black ghetto of Chicago and the deindustrializing *banlieue* of Paris to discover that urban marginality is not everywhere the same. Drawing on a wealth of original field, survey and historical data, Loïc Wacquant shows that the involution of America's urban core after the 1960s is due not to the emergence of an 'underclass', but to the joint withdrawal of market and state fostered by public policies of racial separation and urban abandonment. In European cities, by contrast, the spread of districts of 'exclusion' does not herald the formation of ghettos. It stems from the decomposition of working-class territories under the press of mass unemployment, the casualization of work and the ethnic mixing of populations hitherto segregated, spawning urban formations akin to 'anti-ghettos'.

Comparing the US 'Black Belt' with the French 'Red Belt' demonstrates that state structures and policies play a decisive role in the articulation of class, race and place on both sides of the Atlantic. It also reveals the crystallization of a new regime of marginality fuelled by the fragmentation of wage labour, the retrenchment of the social state and the concentration of dispossessed categories in stigmatized areas bereft of a collective idiom of identity and claims-making. These defamed districts are not just the residual 'sinkholes' of a bygone economic era, but also the incubators of the precarious proletariat emerging under neoliberal capitalism.

Urban Outcasts sheds new light on the explosive mix of mounting misery, stupendous affluence and festering street violence resurging in the big cities of the First World. By specifying the different causal paths and experiential forms assumed by relegation in the American and the French metropolis, this book offers indispensable tools for rethinking urban marginality and for reinvigorating the public debate over social inequality and citizenship at century's dawn.

Users Review

From reader reviews:

Muriel Carpenter:

Book is actually written, printed, or illustrated for everything. You can learn everything you want by a reserve. Book has a different type. As we know that book is important issue to bring us around the world. Beside that you can your reading skill was fluently. A reserve *Urban Outcasts: A Comparative Sociology of Advanced Marginality* will make you to end up being smarter. You can feel more confidence if you can know about every little thing. But some of you think in which open or reading the book make you bored. It is not make you fun. Why they could be thought like that? Have you looking for best book or appropriate book with you?

Richard Thompson:

Now a day people who Living in the era wherever everything reachable by match the internet and the resources included can be true or not demand people to be aware of each details they get. How individuals to be smart in receiving any information nowadays? Of course the correct answer is reading a book. Examining a book can help folks out of this uncertainty Information particularly this *Urban Outcasts: A Comparative Sociology of Advanced Marginality* book because this book offers you rich details and knowledge. Of course

the knowledge in this book hundred % guarantees there is no doubt in it you may already know.

Michelle Morrow:

Reading a guide tends to be new life style in this particular era globalization. With looking at you can get a lot of information that can give you benefit in your life. Having book everyone in this world may share their idea. Ebooks can also inspire a lot of people. A great deal of author can inspire their very own reader with their story or their experience. Not only the storyline that share in the books. But also they write about the information about something that you need case in point. How to get the good score toefl, or how to teach your children, there are many kinds of book which exist now. The authors on this planet always try to improve their expertise in writing, they also doing some exploration before they write for their book. One of them is this Urban Outcasts: A Comparative Sociology of Advanced Marginality.

Alice Ressler:

Are you kind of active person, only have 10 or maybe 15 minute in your day to upgrading your mind skill or thinking skill possibly analytical thinking? Then you are having problem with the book than can satisfy your short space of time to read it because all of this time you only find book that need more time to be examine. Urban Outcasts: A Comparative Sociology of Advanced Marginality can be your answer mainly because it can be read by you actually who have those short extra time problems.
